# Liability

Liability is a core class of business for TLM and you will appreciate from the examples given below that we can cover many aspects of this very diverse market.

One of our major areas of expertise is in contractor's risks. We focus mainly on larger risks with £10,000 minimum premium for light contractors and a £20,000 minimum for heavy contractors. For non-contracting risks the minimum premium can be as low as £1,000. We can also cover more unusual risks, for example, USA products and asbestos cover.
