

## Professional Indemnity

We have a dedicated team specialising in all classes of Professional Indemnity, with full access to Lloyd's and London Market Insurers.

We are most competitive on cases with Premiums above £5,000, although our focus is on larger risks with Premiums of between £10,000 to £50,000.

With larger risks we strive to build long-term relationships with A-rated Insurers, encouraging client meetings with Underwriters where appropriate.

We are often able to assist with distressed cases, facilitating risk management surveys ensuring both yourself and Insurers understand the business which enables your clients to benefit from improved risk exposure.
